## Support for gastrointestinal disease

If the cat suffers from gastrointestinal problems, belching, stomach rumbling and diarrhoea are the order of the day. Feed is often left standing. But this does not have to be the case: Our Josera Help Gastrointestinal was developed especially for such cases.

The complete medical feed can support gastrointestinal problems thanks to its easily digestible, gluten-free recipe as well as its natural ingredients. Digestive regulating fibres help promote the desired gut bacteria. The phytogetic complex contains oregano, which has been used in medicine since ancient times - in traditional veterinary medicine it is valued for its positive properties for the gastrointestinal tract.

With selected ingredients, Josera Help Gastrointestinal can help velvet paws to have more peace in their tummies. It promotes good and regular bowel movements and supports the stomach with its easily digestible recipe.

- Can help with acute and chronic gastrointestinal problems
- With easily digestible, gluten-free recipe and selected ingredients to relieve the digestive tract
- Digestion regulating fibres support the desired intestinal bacteria and can improve faecal consistency
- Phytogetic complex: oregano is valued for its digestive properties

### Analytical constituents:

Protein	%	33.2
Fat content	%	17.8
Crude fibre	%	2.0
Crude ash	%	6.6
Calcium	%	1.35
Phosphorus	%	1.00
Sodium	%	0.40
Magnesium	%	0.10
Potassium	%	0.60
Taurine	mg	1,500
metabolisable energy per kg	MJ	16.7
metabolisable energy per kg	kcal	3,987

### Additives: Nutritional additives per kg:

Vitamin A	I.E./kg	24,000
Vitamin D3	I.E./kg	1,800
Vitamin E	mg/kg	220
Vitamin B1	mg/kg	15
Vitamin B2	mg/kg	20
Vitamin B6	mg/kg	20
Vitamin B12	mcg/kg	100

### Additives: Nutritional additives per kg:

Calcium-D-pantothenate	mg/kg	50
Niacin	mg/kg	90
Folic acid	mg/kg	5
Biotin	mcg/kg	1,000
L-carnitine	mg/kg	200
Iron (iron(II) sulphate monohydrate)	mg/kg	160
Zinc (zinc chelate of glycine, hydrate (solid))	mg/kg	18
Manganese (manganese (II) oxide)	mg/kg	18
Copper (copper(II) chelate of glycine hydrate (solid))	mg/kg	1.80
Iodine (calcium iodate, anhydrous)	mg/kg	0.30
Selenium (sodium selenite)	mg/kg	0.30

### Technological additives:

Antioxidants: tocopherol extracts of natural origin.

### Easily digestible complete dietary feed for adult cats with gastrointestinal problems

Composition: dried poultry protein; maize; rice; dried greaves protein; poultry fat; dried beet pulp (natural source of dietary fibre); hydrolysed animal protein; minerals; poultry liver hydrolysate; oregano 0.09%; ginger; rosemary; nettle; milk thistle; cranberry.

## Oregano

Oregano has been used in medicine since ancient times. In folk medicine, it is used for its digestive effect in gastrointestinal complaints and is also said to stimulate the appetite.

## Recipe that supports digestion

The recipe with dietary fibres can promote the growth of healthy intestinal flora and regulate digestion. By binding water, the fibres also stabilise the consistency of the faeces.

## Easily digestible recipe

Thanks to thermally broken down carbohydrates and premium quality raw ingredients, the recipe is easily digestible. Even cats with sensitive digestion can easily tolerate the selected ingredients as they offer an optimal gentle diet.

### Feeding recommendation:

Weight	inactive / older	normally active / active
2 - 3 kg	30 - 40 g	40 - 50 g
3 - 4 kg	40 - 50 g	50 - 65 g
4 - 5 kg	50 - 55 g	65 - 75 g
5 - 7 kg	55 - 70 g	75 - 90 g
7 - 10 kg	70 - 90 g	90 - 120 g

Feeding recommendation per day. Ensure that your pet always has access to fresh drinking water. For optimal effect, only feed the diet feed. Additional feedings must be discussed with the attending veterinarian in advance. In the case of insufficient digestion: Easily digestible feed. Initially up to 12 weeks; in the case of chronic insufficiency of the pancreas, for life. It is recommended to seek the advice of a veterinarian before use.

Available in: 400 g; 2 kg
